

# Mark Henry

Lawton Market President | NMLS #762116

[Mark.Henry@WeAreLiberty.Bank](mailto:Mark.Henry@WeAreLiberty.Bank)

Mark began his career with Liberty National Bank in 2005 after spending almost thirty years in the discount department store business in Oklahoma and Texas. He worked in several of the LNB bank locations prior to moving to the Lawton downtown location in 2008 to take on a head position in the commercial lending department and serve on the bank's Board of Directors. He quickly advanced through the ranks as a commercial lender and became the Lawton Market President in 2013. He continues to serve in an active role to help manage the bank's overall assets.

Mark is a long time Lawton businessman with over 18 years of commercial lending experience. He believes in customer service and stresses to the LNB team the importance of reacting to the needs of the bank's customers everyday! Being local to the community, the bank is big enough to serve you and small enough to know you, providing customers with an individual experience.

Mark has served on the Comanche County Fairgrounds Board since 2000 where he currently holds the position of Chairman. He also serves on the McMahan Foundation Board of Trustees, the Comanche County Memorial Hospital Board of Trustees, Great Plains Technology Foundation Board, Christian Family Counseling Board and Harold Hamm Diabetes Center Advisors Board. He has also served in the past on the Chamber of Commerce Board, Lawton Fort-Sill United Way Board, Treasure Lake Job Corp Community Relationship Council and the Board of Goodwill Industries.

Mark attended the University of Oklahoma, returning to Lawton to complete his Bachelor of Science degree from Cameron University.
